INDUSTRY EVENTS

WIMOs members at the Gulf Intracoastal Canal Association Seminar in New Orleans, LA

IMX 40 under 40 WIMOs Awardee Meet Up at the Inland Marine Expo in St. Louis, MO

WIMOS MEMBER SPOTLIGHT

Caroline Abbott is a Marine Engineer at Marine Spill Response Corporation (MSRC). She is responsible for executing Dry Dockings and UWILDs along with drafting shipyard specifications and bid evaluations. Before MSRC Caroline worked on the Mississippi River for five years as a surveyors and contract port engineer.

Caroline became a member of WIMOs in 2018 in NOLA and briefly served as the president of the Houston chapter before becoming the Director of Marketing and Brand Management for all of WIMOs. In this new role, she has created and launched our new WIMOs member directory, restructured our website, and continues to ensure continuity in all WIMOs branding and marketing materials.

Caroline says that other women should join WIMOs because in addition to education and industry exposure, WIMOs provides a built in peer group and support that will help build you up when you are feeling discouraged.

Thank you Caroline for volunteering your time and skills to support WIMOs! We are immensely grateful for your time and contributions.

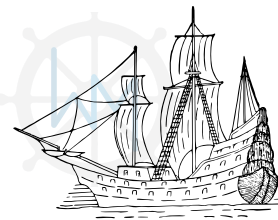

Congratulations to our newest board members!

Carylu "Ludy" Brinck was elected as Executive Vice President of the WIMOs National board

Allison Branner was elected as Chapter Vice President of the WIMOs Houston board

April-Hope (AH) Wareham

Cargill, Inc.

April-Hope is the current grain lead for Continuous Improvement along the Mississippi River and east in the US. April-Hope has 5+ years of grain stevedoring experience and almost a decade of barge and rail experience. She entered the maritime industry through the grain industry after graduating from the University of Illinois at Urbana-Champaign with a B.S. in Technical Systems Management. She has worked at six Cargill facilities since starting with the company in 2014, and has been in the maritime side of the business since 2015 during a traineeship at Cargill's Seneca, IL river terminal. She learned stevedoring while working at the Cargill Westwego export terminal and moved to Tacoma, Washington to continue her career as a part of the Cargill/CHS Temco joint venture in 2018. AH has also managed food safety for multiple grain facilities and enjoys engaging everyone in more safe and efficient ways to use modern technology at grain elevators.
